

## October Overcomers

Note from Amanda

Hey,

Thanks so much for joining in with me on this journey in October. God's word tells us that we are overcomers because of Jesus. He conquered death, hell, and the grave. Now, we are more than conquerors! We are overcomers. We do not have to let sin, sickness, addiction, or anything else, even death, overcome us.

As we travel through scripture passages about overcoming and victory this month, it is my hope and prayer that we will all come be transformed by the word of God. We will step into the promise and hope of who God has made us as His children. We will begin to walk as the overcomers that Christ has made us already. Are you ready for a life-changing October?

There is a new format for this month at [DevotionInAction.com](http://DevotionInAction.com) and I hope it makes us even more consistent about getting into God's word and connecting with Him. I am creating several different resources and you can use one, some, or all of them according to what works for you. First, there is a scripture reading plan for the month, a short passage to read each day. I will blog on at least one of these a week and interact on facebook about the other ones during the week. Next, there is a scripture writing plan, 1-2 verses a day. I am looking forward to starting this discipline of writing out a small part of God's word each day. Then, there are free printable materials to use in your bible journaling if you wish. I hope that if you do bible journal during this study, you will post a pic of your bible journaling on the blog, comments on youtube, facebook, or instagram with #diaovercomers so we can all come together on this journey!

Come along and have fun creating in your bible or journal or planner as we study God's word together!
